

PLANADO

Team: Psychic Parakeets

Frank

Leigh

Kyle

Shawn

Member Strengths:

Frank - API stuff

Leigh - Front End (node routes)

Kyle - Database/ Authentication

Shawn - Front End Javascript (node routes)

Brainstorming:

- what book should I read? book matchmaking -> book club & forum, user profile
- external resource compilation for code, a better stack overflow
- Company Management System -> small company cms
- interactive map of mordor
- Rock Stacking Site
- Forum - something that brings people together with a common interest (make/build together)

Project Proposal: Company Management System

Psychic Parakeet's CMS combines the necessary practicality of a company management system with a unique cultural aspect that makes for a pleasant interface for employees and managers.

- personality quiz -> team building projects
- company calendar -> events
- employee data (calendar, salary, profile, etc)
- Manager Calendar (block structure view of employees)
- Employee focus

Company Example Models

- Office
- Small startup tech company

DATA

employee: salary, id, first, last, manager id, personality, hours worked, login info

manager: id, first, last, # employees, login info

calendar: ?

Task Breakdown:

File Structure Setup

Wire Frame

user page, manager page, company calendar, company splash page,
personality team building page

Pseudo Code

Repo Cloning/ Branching

Planning/ Research

TBD Thursday
